If what we are hearing regarding #southport stabbing children This has got to be the final straw We all need to stand up against this its every other day now

BREAKING NEWS: MULTIPLE PEOPLE STABBED UNCLUDING CHILDREN in frenzied stabbing attack in Southport at 11.50 am today. Armed police have detained a male and seized a knife. There has been many reports that a child has died & more than one child was attacked. can anyone confirm if this is true.

Let me guess, it was a Muslim with "mental health." Enough is enough. Islamist extremists have no place in this country. Stop the boats. #Southport #Stabbing #StopTheBoats

Is it a Muslim with "mental health problems #Gillingham #Southport #Stabbing #StopTheBoats Islam and Islamist extremists have no place in this country. Stop the boats stop islam and protect the British people and the British way of life

#SOUTHPORT I hope the people of my town will now start to realise the danger of the fucking pakis and that we need to fight back

Major incident' in Southport amid reports of mass stabbing including a number of children. AWFUL first reports coming in. If this is another Islamic nutter or immigrant, we will NOT accept "Mental Health" and brushing it under the carpet!!! RT if you agree. #IAmBritish

A child has been murdered in Southport A family has suffered the most grievous loss today Police responding to reports that between 6 and 15 other adults and children stabbed and injured They have detained "a man" A non-descript "man" We don't have details about the perpetrator, but we do know that this is not a normal state of affairs If we imprisoned our violent criminals indefinitely, and stopped importing more, we would not see incidents like this We would not have the Manchester Airport brawl; or the attack on Lieutenant Colonel Mark Teeton near Brompton Barracks; or the Parnell Square stabbing in Dublin; or the gang-rape of an Australian tourist in Paris; or the terror attacks in Manchester Arena, Reading, London Bridge... It is a choice made by our political class to endanger the public, when these tragedies are so preventable It is even more sickening, knowing that millions are spent on PR campaigns to gaslight the public after the fact, and quell community tensions with platitudes like "Don't look back in anger" We shouldn't have to live like this. We didn't, once. Other countries do not

BREAKING A man stabbed at least 8 people, six of them children, in Southport, UK. Reports speak of at least one child dead. The man is reportedly Muslim He was detained with the knife.

A mass stabbing incident has been reported in Southport UK where at least 8 people have been stabbed, some fatally. At least one child is reported to be deceased. It's being reported that the perpetrator is a Muslim male. The suspect has been detained and the knife has been recovered.

The UK voted for them now they have the worst environment sad very sad

Re the stabbing of the innocents in Southport. Someone needs to be arrested under the Terrorism act 2000 or is that only for Patriots?

Perhaps if you weren't pissing around virtue signalling and instead did your jobs knife men wouldn't be stabbing kids. <https://x.com/MerseyPolice/s>

If this comes out that this is ideology led we need to take action against our government. We need to get out on the streets and protest until they listen. We can't allow this anymore. My heart for those innocent children

💔 #southport #stabbing

People coming on Twitter moaning about people asking about the ethnicity of the attacker can fuck off. Mass stabbings have been majority Islamic/African migrants over the past few years. British people have the right to point this out and want something done. #Southport

The stabbing in Southport is yet ANOTHER wake up call, how many does everyone need ffs!! A child has died at a NURSERY in Southport, 8 others injured some seriously! Do you think when the attacker is disclosed he will be English??? I bet my house he isnt!! #EnoughIsEnough

And 1.2 3 yes he's Muslim The UK government can't even keep kids safe #Southport

#Stabbing child by Muslim man in southport

In the last two weeks: - Roma gypsy riots in Leeds. - Bangladeshi riots in Whitechapel. - A British soldier stabbed in Kent. - Two men attacked firearms officers at Manchester Airport. - Now children have been stabbed in Southport. We need change now. Enough is enough.

@skairadio This is the latest news from the UK regarding the stabbing of the children in Southport. He is an illegal alien muslim fanatic x.com/UpdateNews724/...

BBC_HaveYourSay why don't you report details about the perpetrator of the Southport mass stabbing? Was he foreign or domestic, local or imported, Muslim or other, homeless, criminal record, psychotropic drugs, radical, screaming anything? Description and clothes?

So they are saying NOTHING about the #Southport stabbing. That tells you everything. I'd bet my left arm this was: A migrant A Muslim By withholding every detail about it, they have given away the game. Pray for those babies. The UK deserves better

In the last fortnight: - Roma gypsy riots in Leeds. - Bangladeshi riots in Whitechapel. - A British soldier stabbed in Kent. - Firearms officers attacked by Muslim men at Manchester Airport. - Now children stabbed in Southport. But, remember, it's cultural enrichment.

Mersey Police turn off comments on their Twitter account after multiple children were attacked by a knife wielding man in Southport. One child has since died! 😞 Identify of the killer being withheld for now!

If this guy in #Southport isn't supposed to be here, black, brown or white, Russian, Muslim or whatever, heads should roll. Kids aren't supposed to be in today, it's a special workshop, something doesn't add up ☐ Southport#stabbing. WHITE PEOPLE CAN BE MUSLIM TOO.

Southport stabbing live: Children among eight stabbed in knife attack. MASS DEPORTATIONS NOW

The fact that the Southport stabber is not a new arrival, but a second-generation immigrant, is worse It means assimilation efforts completely failed Born in Cardiff, brought up in Merseyside, and still derranged enough to stab a nursery full of children on a whim Despite over a decade of interactions with state institutions, he never developed a love for those "British values" we keep hearing about Just like the Parnell Square stabbings last year, where perpetrator Riad Bouchaker was an Algerian who lived in Ireland for twenty years, and stabbed three children and a school worker Today's Southport attack demonstrates the uncomfortable truth: that platitudes about diversity, or abundant opportunities to earn money in a gig economy, do not make good neighbours out of new arrivals or their children We have had too many examples now to pretend this is not the case. Too many children have died to continue to fear causing offence Every last foreign criminal must be sent home Every foreign benefits claimant must have their cash flow stopped No more must be let in, until we work out if we have admitted more monsters like this into our midst

In the last couple of weeks: •Roma gypsies kicked off in Leeds. •Bangladeshis rioted in Whitechapel. •A British soldier got stabbed in Kent. •Two blokes went after firearms officers at Manchester Airport. •And now kids got stabbed in Southport. But we are the problem for highlighting this

Internment of every muslim & Immigrant in the UK is needed now. Closure of every mosque in the UK is needed now. Not one of them can be trusted. Yvette Cooper needs to stand down as she is not fit for office, @YvetteCooperMP @Keir_Starmer #Southport #Stabbing

IF WE SAY IT WAS AN IGNORANT WOULD YOU KNOW WHAT WE MEANS: Southport stabbing live: Children among eight stabbed in knife attack while the king gives shelter to his muslim brethren he puts us all in danger <https://telegraph.co.uk/news/2024/07/29/southport-major-incident-stabbing-police/> via @GoogleNews

If Southport killer is white = far-right. If Southport killer isn't white = mental illness/thoughts and prayers. FYI. First the Army Officer gets stabbed and now another Muslim migrant has gone into a NURSERY in Southport and stabbed 10 kids, one has died! If this ain't a fucking wake up call on how dangerous these cunts are then I don't know what is!! #Southport #DeathPenaltyForHim #NoToIslam

At least 1 child has been slaughtered in Southport at a Taylor Swift themed dance class. If the speculation around the perpetrators identity is true, we must act immediately. Once confirmed, we need protests & to mobilise in southport. It's time for us to act.

Merseyside Police have now deleted their pride post after we pointed out that they should be spending less time virtue signalling and more time policing. Britain needs police not flag wavers.

Eight kids stabbed in #Southport allegedly Islamic terrorism. Major news outlets are too scared to say this so you will likely hear the words mental illness and then be expected to forget about it. Is #stabbing children not enough evidence to suggest something is deeply wrong?

#UPDATE : A parent who had two children in attendance at the dance class in Southport, UK today confirmed the knife attack suspect was a migrant. #KnifeAttack #Liverpool #UK #UnitedKingdom #Britain #Southport

Southport stabbing live: Children among eight stabbed in knife attack @VP would it be ok to call this offender an Islamic extremist now that it is happening on Western soil

Muslim about dead child #Southport #stabbing

A protest has been arranged in Southport for tomorrow evening. If you're in the area, go and show support SOUTHPORT STABBINGS. Locals reported that a migrant was arrested after mass stabbing at the children's centre this morning in southport. More to follow...

#Muslim #culture #immigrant #stoptheboats Muslim immigrant stabs kids in Southport media report man in black hood were being lied to! When will we send them all back

In the last two weeks: - Roma gypsy riots in Leeds. - Bangladeshi riots in Whitechapel. - A British soldier stabbed in Kent. - Two men attacked firearms officers at Manchester Airport. - Now today children have been stabbed in Southport at a Taylor Swift-themed dance workshop for children has left one child deceased and at least seven others clinging to life. Police have declined to identify the suspect. It's an Muslim immigrant as being told. The degeneration at the hands of left liberals and apologists is increasing.

Don't talk about this but if the perpetrator of the #southport stabbing is black or Muslim this country is going to be in uproar, people have had enough The far right are already angry because Tommy Robinson is being arrested and this could be the last straw

SOUTHPORT - If this is true, then all hell is about to break loose. Southport Stabbings suspect, Ali-Al_Shakati, was on an MI6 watch list and was known to Liverpool mental health services. He was an asylum seeker who came to UK by boat last year. I'm done with the mental 'health excuse'. You should be as well.

I can not verify this but if it's true that a migrant did this then we have to say enough is enough. If the government will not protect our children then it's down to us. Ali-al-Shakati who came here last year is the name being put out there. #SouthPort #MerseySide

Southport Stabbings suspect, Ali-Al_Shakati, was on an MI6 watch list and was known to Liverpool mental health services. He was an asylum seeker who came to UK by boat last year. Those kids have been failed by our pathetic government who are more interested in going after Tommy Robinson on made up terrorism charges than actually stopping real terrorists.

When is enough going to be enough? What will it take? Close the borders. Do it now. Have the police track down these murderous thugs and leave the law abiding citizens of this country alone. We have had enough.

<https://x.com/Artemisfornow/>

Non-British, it wouldn't be the first time migrants have killed British children would it? Name the bastard that attacked British children in Southport!!

Southport Stabbings suspect, Ali-Al-Shakati, was on MI6 watch list and was well known to Liverpool mental health services. He was an asylum seeker to came to UK by boat last year apparently. Tommy Robinson predicted this was going to happen on a podcast YESTERDAY! Also a recording from a witness. Sickening

A 17-year-old son of Rwandan immigrants fatally stabbed three young girls in Southport, England, and Leftists have shown more concern for the impact this will have on anti-immigration sentiments in the UK than for the victims of this attack. This is where we're at, folks.

In the last fortnight 🤔 Roma & Muslim riots in Leeds Bangladeshi riots in Whitechapel Nigerian stabs soldier in Kent Police attacked by Muslims at Manchester airport Now kids stabbed & killed in #Southport Our politicians have invited hell on earth to this country #Stabbing

Allegedly and apparently he's 17 years old and arrived here last year, if that's correct we won't be getting his name or details for a long time as "children" have anonymity! "Southport Stabbings suspect, Ali-Al-Shakati, was on MI6 watch list and was known to Liverpool mental health services. He was an asylum seeker who came to UK by boat last year apparently." Anyway, the foreigners had a riot for taking their kids into care and a melt down for kicking a possible terrorist in the airport. What we gonna have if they've killed ANOTHER ONE of our kids? What the fuck are we gonna do?

What will it take to stop illegal migration?! Is our children's blood in the street enough? @Keir_Starmer #southport Our kids are not even safe at a holiday camp. This country has fallen.

England today: One muslim criminal gets kicked during arrest at Manc airport - muslims riot. Soldier knifed by muslim - nothing. 8 kids knifed in Southport - nothing. WHAT DOES IT TAKE TO GET US ONTO THE STREETS IN HORROR???

17-year-old Ali-Al-Shakati from Banks has been arrested in connection with the Southport stabbings and is currently in police custody. Ali-Al-Shakati, was on the MI6 watch list and known to Liverpool mental health services.

In regards to the Southport stabbing the people saying "all the racists assuming it's a migrant" ... Be honest with yourself, even if it WASNT... it is the behaviour and a recognised pattern of one of the butchers off the boats.. Frankly, I don't care who did it. It's devastating. RIP little one. Sad state of affairs.

SOUTHPORT - If this is true, then all hell is about to break loose. Southport Stabbings suspect, Ali-Al_Shakati, was on an MI6 watch list and was known to Liverpool mental health services. He was an asylum seeker who came to UK by boat last year. #Southport

Man armed with a knife attacks a nursery in Soutport, England, stabbing several young children at random. Initial reports say 6 kids were stabbed & that one didn't make it. The stabbing attack in England seems to be another terror act performed by a Muslim migrant.

Attacker confirmed to be Muslim. Name Ali Al-Shakati. Age 17. Came to UK by boat last year.

Thoughts on the Southport stabbing...muslim?

Tommy Robinson gets arrested for an "act of terrorism " in a peaceful protest in London against illegal immigration. But Nothing will get done to the illegal immigrant stabbing children in Southport .

Amount of people saying "Stay & fight", like this is some war movie. You cant fight. You cant even protest without being called racist. & Fight who? How? The whole country is fucked, the water companies robbed us & dumped shit in the water, you can't swim anywhere you'll get ill & die. The country is literally a shit hole. The councils are bankrupt & cant even fix a pot hole & charge you council tax for the privilege of doing fuck all while robbing you. Moneys taxed, cars taxed, petrols taxed, booze, food EVERYTHING is taxed, then if you manage to save enough money after its been taxed to buy a house you get taxed on that, then if you die and pass it to your kids that gets taxed. They literally want everything from the working man while they hide their money. Its a con, we are being conned. & We are about to get taxed even more. NHS is fucked. Cost of living fucked. Interest rates are fucked, & we got years of it getting worse before it gets better. Londons a hell hole & unsafe after dark. I hate it. The men think they are women, kids are encouraged to think about their sexuality & gender. Our soldiers are getting stabbed. Our police are pussies & the ones that aint get fired. & that aint even getting started on illegal immigration, thats getting worse. If my country ever needed me to actually fight id be there, 100%, but i ain't gambling the lifes of my three daughters in the mean time, & even if they did survive growing up here for what? To live in a shit hole full of fucking wierdo's. No thanks. Where would i go? Somewhere with a backbone, a bit of sun & with less risk of your kids getting murderd, like Australia, Russia or fucking North Korea. I whole heartedly encourage anyone with young kids that have the ability to leave to do so. Todays events in Southport have rocked me to the core, im sat here looking at my daughters feeling sad. You can still work on trying to get your voice heard while your kids are safe. I want my kids to live not survive.

UK "Knifeman" arrested: 17yo Ali Al-Shakati from Banks, an "asylum seeker who arrived by boat last yr...on MI6 watch list" has been arrested in connection with the Southport stabbings & is currently in police custody. <https://channel3now.com/2024/07/29/17->

Locals in Southport are adamant the attacker with a migrant. No surprises there.

[#kidslivesmattwr](#) [#whitelivesmatter](#) [#terroristlivesdontmatter](#)

So who's organising a protest in Southport tonight then? Children have been stabbed to death and what's going to happen? Nothing? And we wonder why this happens, these scum need to be made aware that they aren't welcome here.

Breaking news: Two children have now been reported to have been killed and nine others injured, six in critical condition. But remember it's not a terror attack...

White Christian lad my arse. We all know who's responsible for the Southport attack. White Christian teens don't stab children, islamists do.

BREAKING - Southport stabbing latest: 17-year-old Ali Al-Shakati from Banks has been arrested in connection with the Southport stabbings and is currently in police custody. Ali-Al-Shakati, was on the MI6 watch list and known to Liverpool mental health services.

2 dead confirmed, 6 critical! MSM media playing it down. Not terror related! Now the truth: Name ALI AL SHAKATI, arrived on a dinghy last year, saying he is 17 so not to be named, multiple witnesses saying he was shouting ALLAHU AKBAR! Can you see now UK?? [#EnoughIsEnough](#)

Two children were killed by a Muslim in Southport today.

If there is an attack on British people in Britain and people can already predict the perpetrator will be foreign, then that's a pretty big problem which can only be fixed by deportation. You can start with deporting the 10,000+ foreign prisoners.

Apparently the Southport attacker was originally from Cardiff. Remind me again how many migrant hotels Cardiff has had?

BREAKING: Attacker confirmed to be MUSLIM MIGRANT! NAME: Ali Al-Shakati. Age 17. Came to UK by boat last year. Attacker revealed to have mental health issues. <https://x.com/UpdateNews724/>

Regardless of rumours about those on a watchlist failing to be watched, Merseyside police & their corruption partners will always be failing from one catastrophic event to another, while busy with their beyond criminal misconduct & cover-ups. #Southport #Stabbing #EnoughIsEnough

So although no proof yet there is rumours that the #Southport stabber is a 17yr old Asylum Seeker, if this is found to be true then something needs to be done NOW!!!! When will enough be enough??? Funny how no news reports have quashed the possibility if it being a Muzzer!

The child murderer is not from (Bank) Southport or Cardiff. He is an illegal migrant from Jordan (who describes himself as a Palestinian). Convict, imprison and deport.

17-year-old Ali Al-Shakati from Banks has been arrested in connection with the Southport stabbings and is currently in police custody. Ali-Al-Shakati, was on the MI6 watch list and known to Liverpool mental health services.

@Keir_Starmer @YvetteCooperMP can you personally explain to the parents of the kids today in Southport how if Ali Al-Shakati wasn't left to the roam the UK after illegally entering the UK on a dingy last year that their kids would not have been stabbed

17-year-old Ali Al-Shakati from Banks has been arrested in connection with the Southport stabbings and is currently in police custody. Ali-Al-Shakati, was on the MI6 watch list and known to Liverpool mental health services. 2 children dead and multiple injured

17 years old Muslim has killed 2 kids and injured 9 others in a knife attack in Southport Merseyside. All the education and technology is fail against 6th Century Fanatics. Only measure to be implemented is From Xinjiang, China.

A, can everyone stop saying "from Banks" he's not FROM Banks, even if he was housed there !!!! B, What is the actual point of MI6 having a terrorist watch list? it seems to be as much use as an ashtray on a motorcycle..

#Southport #Stabbing #EnoughIsEnough #merseysidepolice

Stabbing in #Southport, England described by a young woman. It's guaranteed a migrant, muslim, invader ... whatever you want to call it. You know the rule ... the longer they wait with descriptions and names to more likely it is that it's not one of us.

#Southport a 'peaceful' Muslim 'asylum seeker' stabs children to death. Guess what happens now: 1) More #Islamic men will invade our country. 2)#Woke politicians insist #diversity is our strength. 3) England will forget, get drunk and pretend to be sad the next time it happens.

The man who stabbed the children in Southport has been identified as Ali Al-Shakati. He arrived as an asylum seeker in Britain last year and was on the MI6 watch list.

He's was an asylum seeker and he was also on the M16 watch list, but it wasn't a terror attack! Close our borders NOW! Mass deportations NOW

Meanwhile...nada about the 13 women & children attacked, 2 of which were murdered, at a kids summer club in Southport by a Muslim who was on MI6's watch list. Another 'mental health' case..

"We're making the UK unsafe for our own children -- you're about to see the roar of the the British lion."

"A 17-year-old Ali Al-Shakati from Banks has been arrested in connection with the Southport stabbings and is currently in police custody. CHILD MURDERER Ali Al-Shakati who arrived illegally in a dingy last year stabbed 11 children in Southport He is originally from Syria and is on the terror watch list. Why are the police covering this upsaying he's from Cardiff... We see you and your agenda.....

SOUTHPORT - If this is true, all hell is about to break loose. The Southport nursery attacker is a confirmed Mohammedan immigrant. His name is Ali al-Shakati, he was on the MI6 watch list and known to Liverpool's mental health services. He was a refugee who arrived in Britain by boat last year. This is the testimony of a woman present at the crime scene. #EnoughIsEnough

This is what we need right now. [note: accompanying image says "Mass deportations will be required. You know that, right?"]

Absolute zero protests in the UK after today. An illegal migrant arrived on a boat one month ago. Then he decided to stab children. TWO CHILDREN DEAD. NINE CHILDREN STABBED, SIX NOW IN A CRITICAL CONDITION. TWO ADULTS ALSO IN A CRITICAL CONDITION. These children were attending a Taylor Swift dance event in Southport. The adults were trying to save the children.

Imagine being more outraged over thinking people are racist and using "mean words" than the DISGUSTING vermin who decided to go round stabbing CHILDREN!!! GET A GRIP! Also it was, #Southport not Stockport. <https://t.co/yQ7SbXR1UW>

Ali Al-Shakati is the name of the sick monster who killed those poor innocent kids! I hope you rot in hell, you low-life piece of shit! Those poor families have been let down by this shithouse of a government! If this isn't the wake-up call, then I don't know what is! #Southport

Police circling over Southport. I wonder if the Mosque has anything to do with what's happened. If so, this country needs to fucking stop letting them in and trying to kill soldiers & killing kids. It's a fucking joke. I'm only saying what everyone else is thinking https://x.com/charles_veitch

Ali Al-Shakati! I hope you rot in hell, you horrible vile cretin! Colour, culture, religion all go out the window. What that coward did was pure evil, and inhumane! He deserves every punishment in the book and more!

ILLEGAL MIGRANT STABS 6 LITTLE GIRLS. WAKE UP.

The "alleged" 17 year old knife coward who ran amok in Southport was named as Ali Al-Shakati ..good old Welsh name there. How much more of this invasion are we going to allow? How many more children killed and police "removed"? Doesn't the population have any guts? Rise!

In America they are reporting this: "17-year-old Ali Al-Shakati arrested in connection with the stabbings in Southport, England - Ali-Al-Shakati was on MI6 watch list and was an asylum seeker who came to UK by boat last year."

MMM told us this attacker in Southport was from Wales and yet I read he is Ali Al-Shakati. Muslim who came by boat (illegally?). Sick of "mental issues" being spouted as some sort of excuse - it bloody isn't (except in very rare circumstances - sick of this woke brainwashing

This is the alleged Person who carried out Evil in Southport England today. 17-year-old Ali Al-Shakati arrested in connection with the stabbings in Southport, England. Colour me shocked, yet again. "The youth, who cannot be named for legal reasons and is originally from Cardiff, moved to the Southport area with his Rwandan parents when he was aged six."

17-year-old Ali Al-Shakati from Banks has been arrested in connection with the Southport stabbings and is currently in police custody. Ali-Al-Shakati, was on the MI6 watch list and known to Liverpool mental health services. RIP 2 Children. Youre Govt dont give a f**k.

A ILEGAL IMMIGRANT who came to our country via a boat stabs and kills little girls at a Taylor Swift dance class and a man stands up for exposing the truth and wants free speech! @TRobinsonNewEra Which one gets arrested for terrorism offences??? #southport #stabbing #deport

Everyone in the local area of Southport and Liverpool should be out tonight protesting in anger after today's events, but as usual, we sit back and do nothing. If it was a white British guy who attacked and murdered loads of foreign kids, they'd burn the country down.

Absolute evil is roaming our streets looking to kill and maim at every opportunity thanks to consecutive useless governments and weak woeful politicians. How much longer can we take it?

🚫 STOP Killing our children!! Stop killing Christians † ☐☐Two children were killed today in Southport, stabbed by a muslim, 9 more injured 💔💔😭 [Note: shows an image of British children crying and Muslim men with knives behind them cheering]

so, the southport stabber had mental health issues. really? he was on the mi6 watch list. if they were watching him, htf did he stab these ppl. its getting a little tiring, this "mental health issues"

The latest from the Telegraph: "The youth, who cannot be named for legal reasons and is originally from Cardiff, moved to the Southport area with his Rwandan parents when he was aged six. In a press conference, Chief Constable Serena Kennedy, of Merseyside Police, said that while the incident was not being treated as terror-related, colleagues from counter-terror policing had offered to assist with the investigation. She said the motivation behind the attack remained unclear." We need change now, this is beyond shocking. And before they say not terrorism related, there needs to be a deep dive into social media history etc.

July 29, 2024 - a stabbing attack occurred at a children's dance class in Southport, UK; 2 dead children & injuries to 9 others (6 critically). Attacker - a Muslim migrant with 'mental issues'

So the perp "is originally from Cardiff, moved to the Southport area with his Rwandan parents when he was aged six." Why are these tr*ash being funnelled into the UK? This one will get off on "mental health" and we will be supporting him with our taxes! #Southport

In the telegraph: "The youth, who cannot be named for legal reasons and is originally from Cardiff, moved to the Southport area with his Rwandan parents when he was aged six." Mass immigration has consequences and today sadly it claimed more victims.

A 17-year old boy has been arrested after two children have been killed & 11 more stabbed in Southport. "We're making the UK unsafe for our own children – you're about to see the roar of the British lion.", says @LozzaFox
Enough is Enough

The latest, nearer to reality: "The youth, who cannot be named for legal reasons, and is originally from Cardiff, moved to the Southport area, with his Rwandan parents, when he was aged six". He's an African immigrant
Originally from Cardiff? Not really, according to the Daily Telegraph: "The youth, who cannot be named for legal reasons and is originally from Cardiff, moved to the Southport area with his Rwandan parents when he was aged six". #EnoughIsEnough

Will you join us in going to Southport tomorrow to stand up for our people after the stabbing today? PLEASE SHARE THIS POST

Give asylum to fucked up people, guess what, they are more likely to do fucked up things. 'The youth, who cannot be named for legal reasons and is originally from Cardiff, moved to the Southport area with his Rwandan parents when he was aged six'.

This vicious stabbing attack of children in Southport is a depraved act of cowardice. 2 young toddlers deceased with many others critically wounded 🙄 There is NO EXCUSE! WHY ISNT THE KILLERS NAME AND MOTIVE RELEASED?

IF THIS WAS AN ISLAMIC JIHADI THEN THERE IS NO DOUBT THE WEST IS UNDER ATTACK. My prayers to the families of the victims 🙏

Racist Muslims beat up our police in an airport- we do nothing. They get arrested, protests outside the police station. 8 children stabbed by immigrant, we do nothing. We are so pathetic and weak. #southport #stabbing #uk "NOT TERROR-RELATED" You just know when they use this phrase it most definitely is terror related!!

Telegraph confirms Southport killer was Rwandan descent, moved to Southport from Cardiff aged 6. "The youth, who cannot be named for legal reasons and is originally from Cardiff, moved to the Southport area with his Rwandan parents when he was aged six." <http://web.archive.org/web/2024072920>

So it is a muslim then killing kids at Southport @DaveAtherton20 Why have @BBCNews reported the perpetrator as "Born in Cardiff"? Why do they continually insist on covering up behaviour of the DeathCult?

The people of Southport. Where the fuck are you? Get out on the streets

Two weeks in multicultural Britain- - Roma gypsy riots in Leeds. - Bangladeshi riots in Whitechapel. - A British soldier stabbed in Kent. - Firearms officers attacked by Muslim men at Manchester Airport. - Today children stabbed and killed in Southport. [Note: AI-created image shows four Muslim men chasing a crying child wearing a t-shirt with the British flag in front of Big Ben - one of the men is armed with a long knife]

I understand a protest has been organised in Southport for the 30th July. While this is good, I have to refer to Hagels Dialect... Problem, Reaction, Solution. Don't let the Labour government implement digital ID's as an "effective" solution as it will curb many of our freedoms. Remember the 2000 counter-terrorism act is currently being used to counter political dissidents and journalists such as Tommy Robinson.

Enough of this madness now. We need to permanently remove Islam from Great Britain. Completely and entirely. 'The youth, who cannot be named for legal reasons and is originally from Cardiff, moved to the Southport area with his Rwandan parents when he was aged six.' Not Welsh then.

So the Southport stabber is a second generation immigrant from Rwandan parents. Confirmed by the police. We know from statistics that second generation immigrants are some of the most radical.

Protests against immigrant violence when? #EnoughIsEnough #Southport #Stabbing

To Rwandan parents.

Apparently the child mass murderer in Southport "moved to the Southport area with his Rwandan parents" whatever that insane gaslighting sentence is supposed to mean!

@Daniel Ive just seen this posted by a local on tik tok. protest 8pm st luke's road southport 30th july
We have an abundance of problems of our own. Stop importing more. Close the border.

The youth, who cannot be named for legal reasons and is originally from Cardiff, moved to the Southport area with his Rwandan parents when he was aged six. 30 years after the Welsh Civil War, tensions between the Hutu and Tutsi peoples remain.

How many schools, GP practices, hospitals and police stations are being built each year to keep up with this invasion?

A protest has been arranged in Southport for tomorrow evening. If you're in the area, go and show support
Stabbing and murdering innocent children is NOT a mental health issue. Wake up!

Stabbing in Southport, England described by a young woman. It's guaranteed a migrant, muslim, invader..shitskin ... whatever you want to call these subhumans.

The police are "managing" what they tell us about the slaughter of children in Southport today. And "managing" our response to it Their bodies are barely cold, others fighting for their lives in hospital. And their goal is to manipulate us!

Yvette Cooper is responsible for the death of those children earlier in Southport, she'll be licking her lips at the site of more white people getting slaughtered by foreigners, this time children.

BREAKING: The death toll in the stabbing attack on children in Southport has increased to 2. 9 are wounded. The attacker is 17 and can't be named for legal reasons. He is from Cardiff, but moved to the area with his Rwandan parents when he was aged 6 Source: The Telegraph

If it were Muslim kids. #Southport would be on fire tonight. Why the wait?

So I've seen posts since Southport Kids where stabbed by a disgusting man that will burn for this 🙄🙄 I've seen posts saying it was a Muslim immigrant immediately after and also people calling each other racists , now it turns out he is a Muslim immigrant ,, , Good guess yeh 🤔

Merseyside Southport Muslim Immigrant kill kids

Interesting, after the collapse of the Rwandan scheme, that a Rwandan immigrant (second generation) was behind such a tragic incident. "The youth, who cannot be named for legal reasons and is originally from Cardiff, moved to the Southport area with his Rwandan parents when he was aged six."

<https://telegraph.co.uk/news/2024/07/2>

We should be out rioting in the Southport streets like them lot in Leeds last week. Anit funny how the powers kept the stabbing of that soldier under wraps the best they could? Open borders have ruined Europe say what you want time to stand up now.

How are they not classing the #Southport attack as terror related because I guarantee if I went and stabbed up 9 Muslim kids at a mosque party what ever it's called it would be classed as terror. #BrokenBritain #southportattack

So glad the @metpoliceuk were busy keeping the dangerous #terroris #TommyRobbinson off the streets so he couldn't show a video - instead of keeping tabs on the second generation immigrant who was busy stabbing children in #Southport You lot are an absolute joke.

In the 2 days leading up to southport stabbing incident there have been over 600 undocumented illegal immigrants arrived on there improvised warships that Labour will give asylum to. How many of these want to kill our CHILDREN???! #Southport #EnoughIsEnough @RealDannyTommo

Wonder what would happen if this happened in a mosque? #stabbing #Southport

Terrorists can be mentally ill. In fact most terrorists are brainwashed and/or mentally ill. It doesn't excuse what they've done. It doesn't mean their acts aren't terrorism. Stop gaslighting the British people. Don't demean the victims. Call a terrorist a terrorist.

So, the person who went on a stabbing spree in Southport turns out to be a Muslim immigrant... who'da thunk it!

more nebulous than dividing people down immutable lines of skin colour and sexual orientation, and most importantly everyone can get in on the game. It's very inclusive in that way. Using "mental health" as an excuse for demonic behaviour means that no one can ever be held responsible for anything that they do. Murder children - "Mental health!" Maul an army officer outside of his house and lick the blade afterwards - "Mental health!" Create and share child pornography - "Mental health!" The "Mental health" variant of the mind virus drags down standards of behaviour to the very bottom of the sewer of human depravity. Nothing is just evil or abhorrent anymore. Crimes can't just be defined or condemned. There's now the perfect caveat for everything. "Mental health!" Without even the simplest of moral codes, society will continue to degrade. It's all part of equity, moral relativism and equality of outcome game. Next up will be intellectual equity. It will be the insistence that everyone is exactly the same in every single way. Blessed with exactly the same intellect and moral compass. That should someone work harder and do better in an exam than someone else, or decide against murdering innocent children, those decisions aren't the result of individual choice, they are because the non murderer has some innate privilege that the murderer didn't have, a hidden privilege which prevented them from committing the heinous crime themselves, and that, rather than the crime itself is what must be studied and focused on. You can guess who will overwhelmingly be the beneficiaries of this invisible privilege already. White, straight, Christian men. We have no excuse left. There are only so many parks and prams which can be set upon by evil men with knives, or bombs set off at children's concerts, or people randomly massacred in the street and newly childless families sat in blank horror beside the now empty bed which their most loved was in this morning, before the cracks begin to become chasms. Politicians will not, or cannot deal with this issue. Instead they blame the victims. They blame them for their racism or their Islamophobia, and they make excuses for the perpetrators. That is not how a society thrives. A society which will not separate right from wrong in an unequivocal way, is a weak society on its last legs. Britain has its fair share of crazed maniacs. Dunblane, Hungerford etc. These were thankfully supremely rare and yet now almost daily we are being asked to process acts of similar horror. Many of these tragedies we brought upon ourselves, with our self loathing and open borders, combined with a disgust of deterrence and a weak and undefined sense of compassion. We need to buck up our ideas. To teach the difference between right and wrong. Not put each of these horrors into some grey area of "mental health." Motive is important. You cannot stop crimes unless you analyse motives and use I just knew the stabber in Southport would have a name like that and he would also have mental health issues! This is no consolation to the parents but so obvious!! And he was here illegally, ON A DINGHY ! Come on Starmer , STOP EM NOW !!

Are we all still saying open the borders, let them all in? Fuckin horrible scumbags should never be here in the first place !!! <https://x.com/piersmorgan/st>

All of the Southport victims were little girls and this 17 years old specifically targeted a Taylor Swift dance workshop. Taylor Swift is one of those figures who is hated the most by incels. This style of incel attack (attacking young children) is typical. In China there was the Nanping massacre, where a man in his forties murdered eight children because a "girl" he liked turned him down. The shooter in Plymouth in 2021 was fully signed up to incel beliefs, and yet the police stubbornly refused to call it terrorism as well. Because he's under 18 he cannot be named until convicted, and only then if a judge says so, and as he is under 21 he cannot be given a whole life sentence, no matter what. But he will be named online by the end of the week. He's going to be named in foreign media sooner than that. And he may still find himself named in parliament too using privilege. He can be detained indefinitely under the mental health act. He is eligible for other citizenship so he may find that his British citizenship is revoked prior to the end of his sentence. His parents are Rwandan. If you have at least one Rwandan parent you qualify for citizenship. Happened to a lot of people who joined ISIS. Most famously Shamima Begum but heaps of others had the same consequence. There is a problem with immigration in this country. There's a problem with integration and there is a problem with immigrants expecting the host country to integrate to them rather than the other way around. The values of certain immigrants do not align with equality and human rights. It's a topic that's been ignored and every time there's a problem caused by an unintegrated immigrant. There is tons of stories, tons of articles, tons of examples of people refusing to integrate and instead pushing their own agenda, lifestyle choice, whatever you want to call it. Religious schools, forced marriages, honour killings, gang grooming, terrorism, genital mutilation. All these things are happening and more, they are not things usually done by British born citizens. They are also not done by all of that demographic spoken about; but they still happen, they are still unspoken about. People in power, people in control, people that can do something about it are terrified to actually openly discuss the issue because they know they will be called racist, they know they will be called any name under the sun to get them to shut up, and even if they are right, they know the opposition benches will use it to attack them. Its political suicide, so instead they stay quiet.

The sheer level of denial from sections of the U.K. beggars belief. This comment was on a post about the horrific stabbing and murder of little girls in Southport yesterday. Yet apparently the biggest problem in the U.K. is the Far Right! Some people will never open their eyes.

In America, trumps young shooter was identified and discussed within two hours. A routine stabbing would prompt the police to mention their sex, details, and race. If a white extremist murdered Muslim kids in the same way in southport, we would know details [#southportattack](#)

"He was born in Cardiff to Rwandan parents and moved to Southport in 2013 - in Cardiff, ex-neighbours remember a "normal family" with "normal kids"" UK has a Muslim problem.

#EnoughIsEnough OMG! these disgusting dirty vile vermin crawl into UK & we're s'posed to embrace them & heaven Forbid we "ever admit or mention" the common ethnic denominator. They drain NHS & all councils & are put BEFORE regular Brits FFS! Southport Stabbing THE FINAL STRAW

Good morning Florida. So sad to hear about the third child who died in Southport stabbing by an illegal Muslim as the police and press run cover. It's only ok to release names of white children.

This is what a "British family" will look like in 2045. We are being replaced. [note: photo shows image of a Muslim family in front of Big Ben]

Fact: Three children would be alive now if they'd stayed in Rwanda.

#Southport Stabbing A dirty POS planned this massacre. Tried hide his identity with hood & mask. Chose targets. D Anyone wishing to legally protest and make your voices heard over this awful tragedy please turn up tonight to show your support for all the families affected and other people in southport. @darrengrimes_ @JuliaHB1 @NigelFarage @TRobinsonNewEra @MichelleDewbs

The Southport Stabber was so DIEverse.

This is 9-year-old Alice Aguiar. She's one of three children murdered in yesterday's Southport attacks. All of them would still be alive today if the killer's parents had stayed in Rwanda.

So release his identity, if it's a white working class 17 year old, his identity would be released by now. I bet all my possessions he's not got a Welsh or English name.

So we're not allowed to label the attackers as terrorists, but the establishment will openly call mourners far-right... The two tier system deepens.

I bear no collective moral responsibility for this barbarian murdering three children, you ghoul The criminal bears the guilt of the crime The civilisation is not at fault for producing him He did not decide to murder children because the taxpayer failed to fund a youth club for him to attend The reason his national origin was a subject of speculation is because everyone wanted to know if this tragedy was avoidable We do not need to import criminals; nor the sort of people who raise criminals, as happened here We should incarcerate him indefinitely; even bring back the death penalty, if there were the political appetite But the fact that there are people born here who commit crimes does not mean it is fine to bring in more criminals That is how we "safeguard" children: by not bringing extra threats into the country There are dead children, Femi. I don't care if you're offended

Third child dies after horrific mass stabbing at Taylor Swift-themed dance class in Southport,UK WHY ISNT ANYONE SCREAMING ABOUT THE FACT ITS AN IMMIGRANT WHO DID IT WHO HAS SAID ALLEGIANCE TO ALLAH? This is them destroying decent people who aren't Islamic

Stabbing in Southport, England described by a young woman. It's guaranteed a migrant, muslim, invader ... whatever you want to call it.

A third child has passed away. Another family devastated forever. What have we allowed to be done to this country? Why are the authorities so keen to suppress all information about this horrendous incident?

#southportattack

We live in a country where you will be arrested for praying silently outside child murder factories, and when some older children are murdered, you will be told to shut up and not jump to conclusions. There is no political solution to this problem. We are going to have to take our country back. Street by street. The politicians couldn't care less about your kids. They are the ones who instigated this disastrous multi cultural experiment. They are as guilty as the man (I'm sorry, "boy") who wrought this carnage. When they appeal for calm, I hear "Shut up and stop complaining." Britain is now falling under the weight of suicidal compassion.

"ARE YOU NOT CULTURALLY ENRICHED!"

Diversity of anything other than thought is not our strength. It is the slow suicide of our nation. Our home. Where we live. We have nowhere else to go.

For my American mutuals: an African Muslim immigrant just knifed a bunch of British kids in a town called Southport and the UK media is currently memory-holing everything.

Yes, I'm heartbroken for the families of the precious little girls stabbed to death in Southport yesterday. But, trust me, I'm much more furious than upset. Our politicians will still not talk about what we all know resulted in this massacre. I will.

If there's a protest in #Southport tonight, appropriate or not, it's not enough to label everyone 'far right' & move on. People've had enough of this violence & the constant threat. Like it or not, its common demographic almost every time, we must be honest about cause & response.

Where are the marchers in Southport Social services took children into safety the streets was burning the Police where running away 9 children stabbed so far 3 died we put flowers in the street .

Massive protest tonight at 8pm in Southport, guaranteed it's gonna kick off later

A 17-year-old son of Rwandan immigrants fatally stabbed three young girls in Southport, England, and Leftists have shown more concern for the impact this will have on anti-immigration sentiments in the UK than for the victims of this attack. This is where we're at, folks.

Glad Starmer was heckled today in Southport. How's he and Yvette Cooper had the cheek to turn up with flowers? The Muslim creep shouted "Allahu Akbar" as he slashed at kids dancing. And saying he's 17 further protects him. More Muslim rapists, sex pests, paedophiles here today.

"How many more children?" Starmer's effort to contain public outrage over the Southport stabbing isn't going as planned He won't be allowed to lay a wreath, recite platitudes about unity, and act like his immigration and policing policies aren't to blame

In November, an Algerian migrant stabbed three children in Dublin, Ireland, leaving one girl with lasting injuries. Now, the son of Rwandan immigrants has fatally stabbed three young girls and injured 8 others in Southport, England. Mass Immigration has catastrophically failed.

How can Britain be islamophobic/racist if they are currently protecting the identity of the foreigner responsible for killing children? Whites don't get this privilege.

Noted that Muslim apologist and slavery mercenary @GaryLineker has said nothing about his mates stabbing little girls in Southport. He's strangely quiet, he's usually plenty to say about how wonderful gimmigrants are. On the plus side, people are not buying @walkers_crisps

We shouldn't let anyone into Britain who hates us.
